Attached is the daily cost tracking estimator sheets for the ASPECT contract support to the Hurricane Harvey response. I updated IGCE's for three more days of operations and submitted to R6 Kellon Pearson to initiate the PR. I also submitted a 213 RR form to R6HarveyFSC.

The Contract Officer has the Task Order ready to issue but has run into a problem with the EAS system. She has submitted a help desk ticket to resolve it. Please call my cell phone if you have any questions or see any necessary modifications to the spreadsheets.
